

StockTalk: Drone industry is flying off the back of escalating global tensions

Dr Nigel Finch – 26 August 2020

StockTalk is a *Stockhead* video series featuring a roundtable of experts discussing a new investment topic each week. In this edition, host Dr Nigel Finch discusses the high-flying drone market.

Populating the expert panel this week is Philippe Odouard, managing director of **XTEK (ASX:XTE)**, Oren Elkayam, CEO and co-founder of **Mobilicom (ASX:MOB)** and Oleg Vornik, CEO of **DroneShield (ASX:DRO)**.

The group discusses a range of topics, including the industry's key demand drivers, key trends, Australia-specific uptake, barriers to adoption, expanded applications and more.

So tune in above to hear the panel discuss all things drone technology.
